## YOUR SINGLE SOURCE SOLUTION

- Wifi App
- Color graphics
- Multiple languages
- Comprehensive diagnostics
- State-of-the-art button technology (press & hold)
- Automatic reminding information

## ANNOUNCING...

The all NEW BWG Hot Tub App for the iPhone®, iPod touch® or iPad®

- Instant access and control of your hot tub anywhere at anytime\* directly from your iPhone®, iPod touch® or iPad®
- Stay up to date on your hot tub around the clock
- Control the temperature, pumps, lights, blower and filter cycles with a simple touch
- Programmable filtration cycles directly from your iPhone®, iPod touch® or iPad®
- Fast, simple and easy to use

NOW WITH **WiFi** CAPABILITY

# ARTIFICIAL INTELLIGENCE FOR YOUR SPA

## ENJOY THE CRISTAL WATER PARADISE

The hydrotherapy jets are strategically located to give you the ultimate acupressure massage. Utilising high flow water jets, we have managed to put together the perfect package that will soothe and massage your aching muscles. At the same time, high performance pumps and manifolding assure steady water pressure at every jet.

## SPA CONTROLS

- automatic freeze protection
- heater status indicator on panel
- high-limit protection
- standard/economy/sleep mode selection
- set the desired temperature on the pad
- 16A/32A choice
- programmable filter cycles
- automatic reminding information

Warm bubbling water helps increase blood flow and stimulates endorphins proving a natural healing process and a sense of well being. When your blood vessels are dialated, the heat of the water speeds the flow of blood to sore muscles or damaged tissue. The rhythmic pressure of water streaming through the jets sooths away soreness and tension. Our hydrotherapeutic seats and lounges are ergonomically designed to reach and message away the stress of the day.

# INDULGE BODY, MIND AND SPIRIT

Sunspas are made from the best materials and each detail is manufactured carefully and tested thoroughly! Accordingly a Sunspa fulfils the highest quality standards.

A good Spa begins with a good spa shell! Our time-tested acrylic surface ensures lasting durability. Each Sunspa is made of continuous cast acrylic. Different layers of woven glass fibre in combination with dense urethane insulation, result in a tremendous strong shell structure!

### DECORATIVE ASPECTS

To make your Sunspa a perfect fit to your home architecture and landscaping, you can choose from an array of spa sizes, seating layouts and color combinations!

On the outside, the beautifully crafted cabinets are available in your choice of different colors. Our 'synthetic' wood cabinets combine the warmth and beauty of natural wood with the low maintenance and high durability of rigid polymers. Maintenance is simple since 'plastic' wood won't crack or peel.

# MASSAGE AND FOCUSSED THERAPY

Leave the phones, noise, traffic and the demands of a busy life behind sink into the warm soothing waters of the spa. The curves and contours follow the shape of your body for the ultimate in hydrotherapy. A therapeutic massage from hydrotherapies relief to sore and tired muscles. And to think that all of this is right in your own backyard. Add the natural healing effects of warm water massage therapy to your daily schedule and know that there is no better place to be than home.

By turning the valve, you can engage one of the strong therapeutic jets to a specific part of your body for a combination of therapies, Due to the capability to treat specific body parts, you can tailor your own therapeutic sessions.

## COVER COLOR SELECTION

The thermal cover, made from dense polystyrene foam, seals the spa form the top in order to conserve the water's heat!

-  GRAY
-  RED
-  CHARCOAL
-  ASH
-  COFFEE

BDS

HRS

(OPTIONAL)

### AIR-JET

This jet produces thousands of small air bubbles that make your body tinkle and sooth your senses.

### POINT-JET

These jets offer a massaging experience to foot and leg, and making circulation.

### MINI-JET

These jets are often placed in smallgroups to offer a well - positionedtherapy for neck, shoulders, calves and back.

### MIRO-JET

The dual-port rotary nozzle creates a Vshaped pattern of water for a perfect massage.

### DICO-JET

These jets offer a good massage to shoulders and back.

### ROTA -JET

This jet is completely adjustable. It genger ates a rotating massage!

### JUMBO-JET

This jet produces the strongest massage with large volume of water.

### MESSAGE-JET

This jet feels like a real hand massage. Each of the jet's seven outlets creates a soothing, strong massage.

# THE SECRETS OF QUALITY,

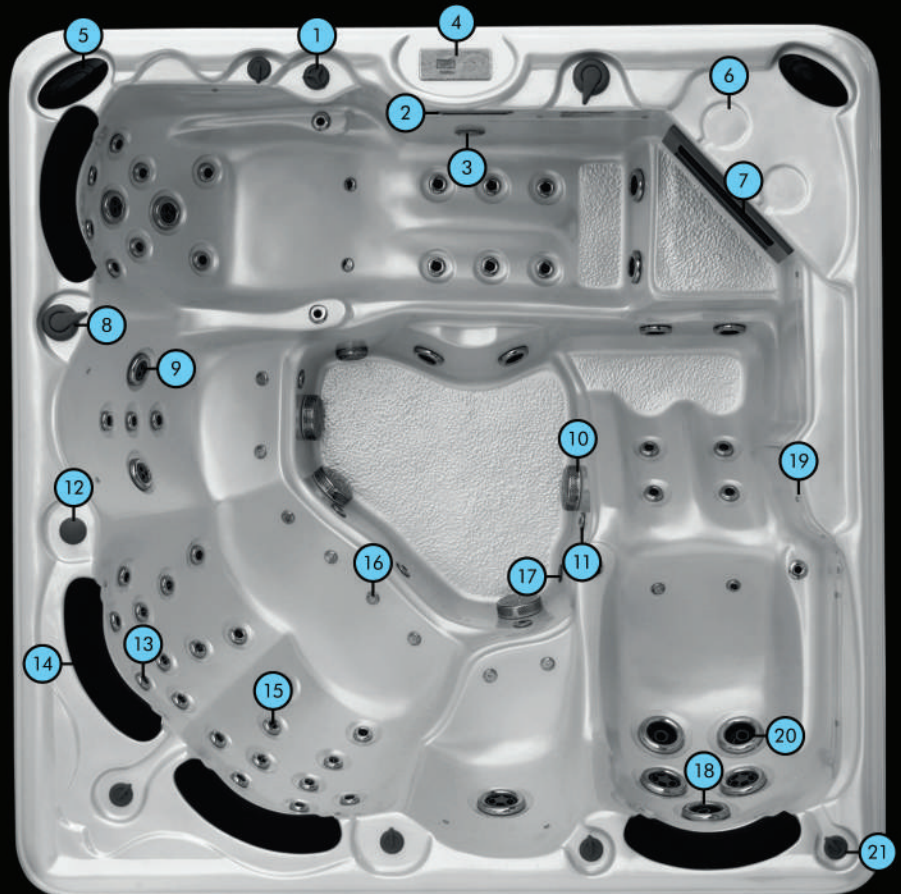

Sunspa combines expert engineering and workmanship, the latest technology and top-brand materials to produce spas with unrivaled quality and value. Our commitment to manufacture the best spa in China has resulted in partnerships throughout the world. Strong engineering design is behind each model to meet the safety standards of the industry (IEC, UL, CSA, TUV, RoHS), our customer and the

end-user. In our facility, highly-experienced mold engineers bring each model to life, using well honed craftsmanship.

Each spa is then assembled combining superior technology and design with top-brand American and International products, such as computers (Balboa Instruments), acrylic (Aristech Acrylic), heaters, o-zone, filters and jets. Finally, to ensure the de-

# STYLE AND PERFECTION

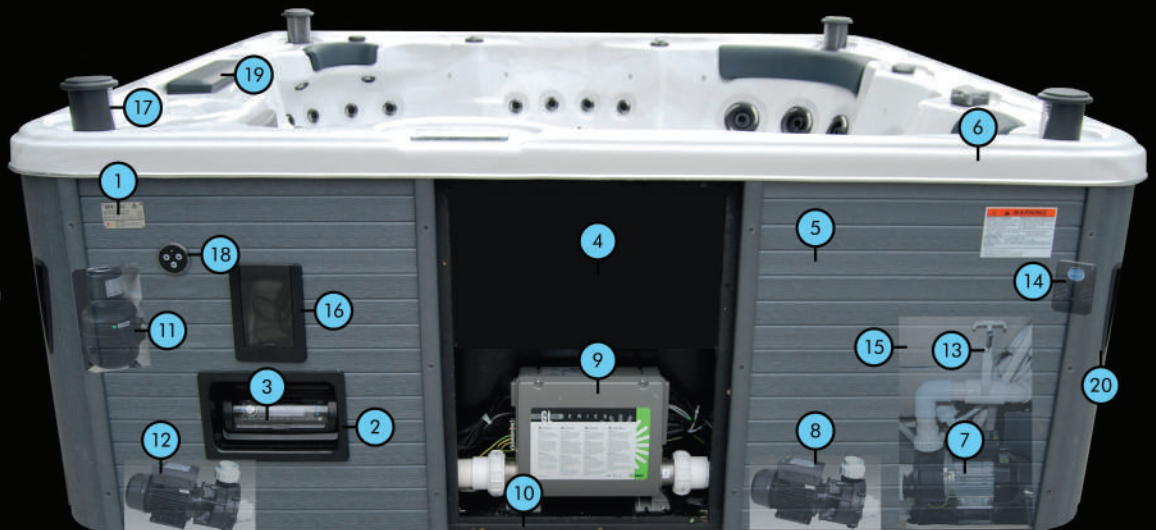

livery of a quality spa, each product is rigorously tested before it is shipped. Our commitment to quality and value is constant and our processes and products will continue to reflect the latest industry developments and international market trends.

Our separate circulation pump and High-performance pump were designed for a single purpose; to deliver the

finest massage experience by producing the most powerful flow through all the jets. *The jets combine air and water to create highly refined massage sensations, from delicately soothing to intensely massaging. Positioned to reach pressure points used in reflexology and acupressure, the powerful jets in a Sunspa stimulate healing and help to increase blood circulation!*
